I JOINED THE COMPANY IN 2005 & NOW WORK AS THE MANAGER AT FISHPONDS

I joined Little Acorns & Stepping Stones, when it was just the one nursery operating out of a small cottage in Frampton Cotterell.

My career has grown with the business, it's been exciting to start with a small nursery as a practitioner, as the business grew so did my opportunities to progress.

In 2005 I was a Practitioner in the toddler room. I progressed to Room Leader in 2006.

By 2008 I was promoted to Deputy Manager at Fishponds, and Manager in 2009

I love my job because I've seen myself grow & progress. I feel fully invested in by the company.

I still get to be part of the children's learning and development, which is why I went into this profession.

Mandy Stone – Nursery Manager
